Published Monthly During the College Year By
MILLSAPS COLLEGE IN JACKSON, MISS.

Entered As Second Class Matter November 21, 1916 At the
Post Office In Jackson, Miss., Under the Act of Congress

Opportunities for Veterans and Policies of the College

Millsaps College is a liberal arts college which aims to give its students a broadened view of life, provide culture, and develop one's abilities such that he may take his place in a constructive program in the world today and in the future.

The college provides normally two regular semesters and in addition short terms in summer which provides opportunity to continue one's education throughout the year.

The general requirement for admission is 15 units of high school work. These requirements may be met in part by credit for education and military experience provided the high school approves and certifies such credit. Half of the units for entrance must be in English, mathematics, social studies or foreign language.

Students may be admitted if they qualify in a series of achievement examinations under the direction of the Department of Education

Credit for Achievement During Service:

Any course for which academic credit is given must be of college grade and one which is in line with the veteran's program.

Veterans will receive academic credit for achievement during service with the armed forces as follows:

I. For basis training to the amount of four semester hours, two of which count as academic and two as extra-curricular. Veterans will not be required to take physical education.

II. For formal training programs in the services. Evidence of accomplishment in formal training programs in the armed forces may be presented on the application form of the U. S. Armed Forces Institute with the test scores from examinations in the service schools conducted by the armed forces, by examinations given through the U. S. Armed Forces Institute, or by examinations given by this college after the student is discharged.

II. For correspondence courses sponsored by the United States Armed Forces Institute or given by any college or university and validated by examinations conducted by the U. S. Armed Forces Institute or Millsaps College.

IV. For institutional courses offered by various colleges and universities such as the Army Specialized Training Program or the Navy College Training Program.

This program is open to MEN and WOMEN who have served in any branch of the armed forces.

Millsaps stresses practical experience so far as possible in the various fields in which credit is offered. Experience in the service will be an asset to you in your vocation.

Opportunities Offered

Business Administration and Economics

Students interested in this field can major and prepare themselves in accountancy, industrial management, banking or other fields of business interest.

Shorthand and Typing are also offered in this department.

Science

Excellent preparation is offered for pre-medical and pre-dental students, for laboratory technicians to hospitals and health departments, for chemists and physicists. Our students rate high in these professional fields and are much sought after by those in charge of soliciting graduates.

Geology courses are provided for those interested in oil and mineral geology as well as in government positions in geodetic fields. The department furnishes practical field trips to points of geological interest as well as contact with geologists working in this area.

Social Science

Work in history, economics and government is a

field valuable for those interested in law, politics, and foreign and domestic service

Sociology is a wide open field for social and welfare workers.

Humanities

English, written and spoken, as well as the literature has an important place in our curriculum. Students in this department go into the field of writing, newspaper work and advertising. Practice is given on the campus newspaper, The Purple and White, and on the city dailies.

Foreign language studies are offered in Spanish, French, German, Greek and Latin.

Religious Education

In cooperation with other departments of the college, preparation is provided for the work of the ministry, christian education and church work. Our graduates are in demand and do outstanding work in this field.

Teaching

There is a severe shortage of teachers which will be felt for some time. Here is a great opportunity for men and women to prepare for a satisfying profession and a great service to the youth.

Detailed Courses for Preparation for a Teacher in the Elementary School

Psychology 11-126 semester hours
Psychology 313 semester hours
Education 91, 926 semester hours
Education 101 or
Education 1024 semester hours
—
19 semester hours

TEACHER PLACEMENT BUREAU

A teacher placement bureau for teachers is maintained under the direction of the Department of Education. It seeks to further the interests of teachers trained at Millsaps College and to be of service to school officials who wish to secure efficient teachers.

Rooms and Board

Millsaps offers comfortable dormitories for both men and women. Students are given private and quiet surroundings in a spacious home-like atmosphere.

The food in our student cafeteria is served at cost and is both wholesome and delicious. Meals are planned by a proficient dietician and are prepared and served by clean servants in an immaculate kitchen.

Social Life

Those who are interested in social fraternities and sororities will be eligible on equal terms with all other students. There are also non-Greek organizations for men and for women available to those not interested

in fraternities. In addition there are many extra-curricular activities and clubs to provide an outlet for a variety of interests.

EXTRA CURRICULAR ACTIVITIES

Student Association governing the student body

The Purple and White, a weekly publication

The Bobashela, the annual publication

Dramatics

The Millsaps Singers, a chorus of men and women

Beethoven Club for those interested in music

Debating

International Relations Club

Y. M. C. A. and Y. W. C. A.

Ministerial League

Baptist Student Union

Pre-medical Club

Science Club

O. D. K. men's leadership fraterninty

Sigma Lambda women's leadership sorority

The faculty and students will make you feel welcome to the many picnics and other recreation facilities.

The President and Dean of Millsaps welcome you and assure you every cooperation to make your stay at Millsaps College both pleasant and profitable.
